## Beer Brook pollution getting worse

SEATON residents say that action promised over Beer Brook has not happened, that pollution is getting worse and it poses a health risk.

The Environment Agency (EA), however, says work is ongoing to address the problem.

West Seaton and Seaton Hole Association issued a statement last Thursday, saying: "Last evening residents living alongside the brook (near Old Beer Road) witnessed the worst pollution we have seen for many years. The brook was covered in dirty foam and smelt very badly."

"We think the incident room at the Environment Agency (EA) must have been clogged up with callers reporting the pollution last evening."

They allege that the problem is caused by slurry from Gatcombe Farm.

A spokesperson for the association added: "We have had many meetings with the EA as well as correspondence with Clifton Devon Estates (the landlords of Gatcombe Farm)."

### Promises

"We were promised last year that the problem was being addressed and that improvements were well under way."

"But these improvements have not been seen by us – the brook is worse now than it ever has been."

"Children who splash in the stream have in the past been taken ill and we know of one case of a swimmer suffering very badly after swimming off Seaton Hole beach."

One member of the association, Simon Wellington, said that the EA had collected samples for analysis last week.

He also said that he had visited the farm after an invitation to go there and see what had been done.

Referring to a previous incident Mr Wellington said:

by Anders Larsson  
[anders@pemedial.co.uk](mailto:anders@pemedial.co.uk)

"In fairness, the farmer phoned us to say he had two lakes up there. I've got a degree of sympathy with him."

Resident Julia Roebuck said: "I keep reporting the pollution to the EA but they don't seem to be doing anything as it keeps happening again and again."

"How many more years does this have to go on before they actually do something about it?"

"Lots of people use Seaton Hole beach including my family and it's dangerous to use with the amount

of pollution coming from the stream into the sea."

When asked for comment, an EA spokesperson told *Pulman's View from Seaton*: "This situation was addressed last year, with one task involving a potential minor leak in a tank needing to wait until this summer."

### Extreme rainfall

"However, extreme rainfall on already saturated ground has seen pollution enter the brook from several sources such as neighbouring fields and highways on this occasion."

"Despite its appearance, the pollution was not considered significant."

"We continue to work with the relevant people at

Gatcombe Farm and neighbouring landowners to prevent pollution."

Gatcombe Farm declined to comment but a spokesperson for Clinton Devon Estates said: "Under a farm tenancy agreement, the farmer is responsible for all matters of farm management including animal husbandry and the impact of farming practice on the environment."

"However, action will be taken by the landlord if there are breaches in the tenancy and, in the case of Gatcombe Farm, we are continuing to liaise closely with the EA to ensure that the farmer is fully compliant with all legislation relating to water quality."

## TOP STORIES FROM ACROSS EAST DEVON AND SOUTH SOMERSET

### AXMINSTER Takeover of Axminster Carpets

**AXMINSTER** Carpets has been taken over by H Dawson Wool, an international wool merchant based in Bradford.

It was announced last Thursday afternoon that H Dawson Wool had acquired a controlling equity stake in Axminster Carpets.

The Axminster company has undergone a period of significant change during the last three years, and the provision of additional support from H Dawson, increased financial resource and further strengthening of the Axminster Carpets senior management team will take the company on the next phase of its journey.

H Dawson Wool, established in 1888, has for many years been an important supplier to the wool carpet manufacturing sector in the UK and throughout the world.

Royal Warrant holder Axminster Carpets, founded originally by Thomas Whitty in 1755, has operated from its current site in Axminster since 1937 when the late Harry Dutfield revived the town's carpet-making tradition.

The company refused to be drawn on questions about job security, the Dutfield family's continued involvement with the business and claims the company has, or is in the process of, selling off land it owns in Axminster.

## From the editor's chair Another twist in carpets' future

**THE** news last week that Axminster Carpets has been taken over by a highly respected firm of international wool merchants will be seen as a positive move, especially by the workforce.

H Dawson Wool, based in Bradford, have acquired a controlling interest in the Axminster operation and have stated they are "excited about the future growth aspirations for the business."

Those employed at the carpet factory - greatly reduced in numbers following the collapse of the previous family-run company three years ago - will take some comfort in that statement that they still have a future.

Whenever companies are sold the rumour mill goes into overdrive. We have tried to ascertain what impact the change of ownership will have on the future for the staff and whether the Dutfield family will retain an interest in the new set-up.

The new owners, whose history goes back to 1888, will not be publicly drawn on such matters at this moment, other than to state reassuringly that the focus on the new operation is

on "growth". There is also a rumour circulating that some of the land owned by the carpet factory will be sold off for a supermarket but again we have not been able to confirm this.

The name of one supermarket in particular has been bandied around but they have categorically denied that they are opening a new store in Axminster.

The past few years have been very challenging for the carpet manufacturing industry but H Dawson, a world leader in their field, has invested significantly in the future of the under pressure sector by this acquisition.

We can only hope that "An Axminster from Axminster" will remain synonymous with all that is finest in the craft of carpet making and that the town's link with the industry continues for many years.

In welcoming H Dawson to Axminster, we should not forget what Harry Dutfield did for the town in reviving the industry that put Axminster on the world map.

## SOUTH SOMERSET Council tax to go up after funding cuts

**SOUTH** Somerset District Council (SSDC) wants to increase its portion of council tax by 1.95 per cent, which amounts to an extra £2.88 a year for the average a Band D household.

Councillors have been recommended to approve the proposal. A decision will be taken during a budget meeting on Thursday, February 25th.

It was explained that the government has reduced the support grant it gives to councils, and will take away the grant completely by 2020.

For SSDC this means a cut of more than £1million this year and by 2019/20, total savings of £4.1million will be required, including an additional penalty of £330,000 having to be handed back to central government.

Efficiency improvements have meant that SSDC's spending has fallen significantly.

In 2008/09 the annual budget was £19.7million and the proposed 2016/17 budget is just £17.3million. This represents a cut of 28 per cent after inflation.

## OTTERY & SIDMOUTH School crossing patrols in doubt

**SCHOOL** crossing patrols have been thrown into doubt after Devon County Council (DCC) announced plans to cut the service to save £250,000 a year.

At a DCC cabinet meeting, members announced cuts of £26million to the budget which included scrapping lollipop controls. At the same time DCC have announced a rise of 3.99 per cent in council tax for 2016/17.

Devon County Councillor for Sidford and Sidmouth, Stuart Hughes, said: "School crossing patrols can be paid for by the school or the community and it is therefore an area where we can make savings. Although this model would require schools to pay some of the costs, the county council would remain committed to supporting a crossing patrol service by providing training and quality assurance to ensure it is delivered safely."

## HONITON Nine immigrants found in lorry

**A DRAMATIC** incident unfolded in Honiton last week after nine people were arrested on suspicion of entering the UK illegally.

On Wednesday, Honiton Police received a report from a business on Heathpark Industrial Estate, who said a delivery driver suspected people were inside his vehicle's container. The driver had arrived in the UK via Dover a few hours before.

A police spokesperson said: "Seven adults and two youths were found. Those arrested are believed to originate from Eritrea in East Africa."

## COLYTON County slammed over road repairs

**THE** quality of highways and drainage works carried out in Colyton by Devon County Council has been slammed by parish councillors.

Councillors criticised the county council as Ridgeway Lane in Colyton continued to flood after drainage works were carried out in the area.

At this month's parish council meeting, Councillor John Hay raised the subject with county councillor Sara Randall-Johnson, commenting: "The Ridgeway flood alleviation scheme doesn't work. It's flooded six times at least."

Councillor Randall-Johnson said: "We're simply not getting the money from central government.

## SEATON & BEER Beer Brook pollution getting worse

**SEATON** residents say that action promised over Beer Brook has not happened, that pollution is getting worse and it poses a health risk.

The Environment Agency (EA), however, says work is ongoing to address the problem.

West Seaton and Seaton Hole Association issued a statement last Thursday, saying: "Last evening residents living alongside the brook (near Old Beer Road) witnessed the worst pollution we have seen for many years. The brook was covered in dirty foam and smelt very badly."

"We think the incident room at the Environment Agency (EA) must have been clogged up with callers reporting the pollution last evening."

They allege that the problem is caused by slurry from Gatcombe Farm, who declined to comment.

# New management team for village shop

THE owners of Beer Village Stores have appointed a new management team to take charge of the shop.

Family commitments mean Roy and Cathy Lawless, who only bought the shop in the summer of 2014, are moving back to Taunton.

While they are retaining ownership and intend to be back in the village as often as possible, the day-to-day running of the business will now be taken on by Adam Hughes and his partner Laura Dyson-James.

"Despite rumours to the contrary we are definitely not selling the shop," said Roy.

"We have appointed Adam and Laura as managers and they will move into the flat above the shop.

"Family commitments mean it is better for us to move back to Taunton.

"Our youngest daughter got married and is expecting our first grandchild and Cathy's father is not very well so we would rather be closer to them

by Kevin Fahey

both at this stage. Moving away is not something we envisaged at all when we came to Beer to take over the business but family comes first."

In their short spell Roy and Cathy have re-invigorated the shop into a vibrant asset to the village and since opening have also taken on the newspaper and National Lottery business.

Adam and Laura are well-known in Beer having been the

first managers of Osborne's coffee shop and wine bar when it opened in March 2014. Adam also had a long spell working in the Anchor Hotel and pub.

"We are delighted that Adam and Laura, along with their baby daughter Willow, have agreed to take on running the business, and I am sure we are leaving it in very safe hands," added Roy.

"But we will still be popping back at weekends and covering for them when they are on holiday."

■ ADAM Hughes and Laura Dyson-James, pictured at the opening of Osborne's coffee shop and wine bar, will be taking over management of the village stores

## Seaton gets new web site

A NEW website will act as "a central resource for anyone wanting to find out more about what's on offer in Seaton".

Seaton Town Council decided to set up www.seatondevon.org to feature information about the town for visitors and locals alike.

A town council spokesperson said: "Whether you are looking for information on Seaton's attractions, wanting to explore the stunning natural environment, interested in experiencing Seaton's year round outdoor activities, looking at history and culture, or just wanting somewhere to stay, eat or shop, you can find the latest information on the website.

"Stunning photography from local photographer Paul Thompson captures the beauty of the town and its views."

Karin Frewin, marketing and events specialist, commented: "Seaton is an important, unique gateway to the Jurassic Coast and the new website site really highlights the amazing natural resources, scenery, and attractions on offer.

"The new website has been created with the user experience firmly in mind.

"Working with local company Toozie IT, it has been designed using the latest technology so the site is compatible with today's browsers, tablets and mobile devices."

■ THEY don't want to use its services, but members of Axe Valley Pedallers (AVP) were happy to give Devon Air Ambulance Trust (DAAT) £400.

A cheque has been presented, and AVP secretary Rob Watson said: "We have supported DAAT since the club was formed just over 10 years ago.

"Happily, cycling is far safer than it might appear, and the services of DAAT have not been required - but it is reassuring to know that they are there if ever needed."

AVP's Sunday ride on Valentine's Day took them on a 42-mile spin through the Dorset lanes to Broadwindsor, led by Ben 'Buster' Dolan.

The route went from Axminster via the Stopline Way to Weycroft Bridge, All Saints and Waggs Plot, then onward to the scenic views at Pilsden Penn.

Mr Watson said: "Some of the narrow lanes were badly potholed and strewn with debris from the recent floods, but all the cyclists skilfully negotiated the obstacles and made it

safely through to a well-earned coffee and cake at the craft centre.

"The riders completed their ride with a long slow climb through Thorncombe to burn off some of the excess sugar and, hopefully, arriving home weighing about the same as when they set out four hours earlier."

To join an AVP ride, check axevalleypedallers.org.uk, see their Facebook page or the noticeboard in The King's Arms in Seaton.

# Couple prepare to honour friend and teammate

THE rowing machine at Axe Valley Leisure Centre is put to the test by a couple preparing to kayak in memory of a friend and teammate.

Joel Seward and Helen Derry will spend part of Easter in a kayak, going from Seaton to Weymouth in aid of Asthma UK.

They will do so as a tribute to Ryan Walker, who died from an asthma attack in the summer of 2014 at the age of 24.

by Anders Larsson

Ryan, from Seaton, was well known in East Devon cricketing circles having played for both Seaton and Axminster.

At the time of his death he was a player with Seaton Cricket Club and a coach at Axminster Cricket Club. Joel and Ryan were teammates at Axminster from

the ages of 11-18. Joel currently plays for Seaton Cricket Club, and Helen is heavily involved with the club.

Joel said: "We kayaked from Seaton to Lyme Regis last year, but thought we'd try to go a bit longer and raise money for something important.

"The main thing is to remember Ryan, and the charity links in with that."

Helen added: "We are making good use of the rowing machine at Axe Valley Leisure Centre.

"We won't be rowing back [from Weymouth], we probably won't row ever after that."

Joel added: "We love to think we can do it all in one day, but it is about 35 miles, so we will prepare for stopovers."

## Share your snaps of East Devon

PHOTOGRAPHERS of all ages and abilities are invited to focus on landscapes, seascapes, architecture, wildlife, colourful flowers or any other subject in East Devon.

The invitation is issued by East Devon District Council's (EDDC) countryside team for what is branded as "an exciting new photographic competition".

The theme is completely open as long as the photograph depicts a subject that is in East Devon.

Trainee countryside ranger Saul Jenner, who is running the competition, said: "Working as part of the countryside team has exposed me to a variety of beautiful places across East Devon.

"I often see photographers at our sites and I thought a photography competition would be a great way for people to showcase both their talent and the beauty of East Devon."

To enter, send a high resolution image to [countryside@eastdevon.gov.uk](mailto:countryside@eastdevon.gov.uk), including your name, age and the subject of your photograph.

Entries received between now and April 30th will be included in the competition.

Full terms and conditions for the competition are available upon request.

The overall winner of the competition will receive a free place on one of the countryside team's spring/summer events – this includes willow basket making and canoe safaris.

The winning entry, together with 11 runners-up, will have their photographs featured in a countryside calendar.

# Say 'no' to doorstep callers

VERBALLY aggressive doorstep callers are causing a problem in and around Axminster, according to police.

Police have had several reports of doorstep callers not taking 'No' for an answer.

PCSO Andy Trott said there had been reports from Axminster, Hawkechurch and Offwell of doorstep

callers becoming verbally aggressive when the householders refuse to buy the goods or services offered.

All have eventually left, but police are keen stamp out that kind of behaviour.

Axminster Neighbourhood Beat Manager PC Simon Aldred said: "Our advice is to politely ask them to leave.

"If they fail to do so, phone police.

"You can use 999 for that."

He also said that police would be grateful for observations like vehicle registration numbers and so on.

Axminster Police Station can be contacted via the force switchboard on 101.

## Demonstration for lollipop patrol

ANGRY campaigners plan a big demonstration to save the lollipop patrol in Axminster.

Devon County Council decided to scrap its 80 school crossing patrols as part of a cost cutting exercise.

The decision was made by the council on February 18th, but a group of councillors have taken the decision to the council's Scrutiny Committee, which will meet on March 7th.

A spokesperson for the Keep Axminster's School Crossing group said: "The really sad

thing is that Devon County Council are not saying that school crossing patrols are no longer needed, just that they are no longer prepared to pay for them.

How do you explain that to school children?

"Supporters have set up a Facebook group, as the amount of support has been growing daily, and further action is planned.

"No doubt, when the demonstration goes ahead it'll be big - no point otherwise."

A date has not yet been set.

## Top trip prize at casino night

The Lyme Regis-based company sponsored the casino night, and Adam is photographed with senior travel consultant Fern Nicklen and director/manager Sue Langdon.

# Medical practice awarded 'Good' grade by the CQC

INSPECTORS saw "several areas of outstanding practice" when visiting Seaton and Colyton Medical Practice.

A team from the Care Quality Commission made an announced inspection on November 4th last year.

Several elements of the practice were inspected and the overall grade was 'Good', which is the second highest available.

The inspectors' report said: "We saw several areas of outstanding practice. The practice had a clear vision to deliver high quality care and promote good outcomes for patients."

"We observed that members of staff were courteous and very helpful to patients and treated people with dignity and respect."

"Staff said they felt respected, valued and supported, particu-

larly by the partners in the practice."

"All staff were involved in discussions about how to run and develop the practice, and the partners encouraged all members of staff to identify opportunities to improve the service delivered by the practice."

The practice provides GP primary care services to approximately 7,500 patients.

"To celebrate World Book Day 2016, Seaton Library and the Owl and Pyramid Bookshop want to highlight the appeal of books to all ages by creating a chain of people reading books all around Seaton town centre.

"Bring your own book, borrow one from the library with your library card or pick up your World Book Day book with your token from the Owl and Pyramid.

## Appeal to dog owners after lambs killed

AN East Devon farmer has appealed to dog owners to take greater control of their pets after some of his new-born lambs were attacked and killed.

Mr Robert Reed, who owns Gatcombe Farm between Beer and Seaton, was understandably angry at the damage caused in the most recent attack last week in fields just off Paizen Lane between Beer and Branscombe.

"It happened in fields not far from Beer Quarry, up Paizen Lane, when someone's dogs were loose in a field," said Mr Reed.

"They mauled some lambs which eventually died from bleeding. The owner must have known what was going on because someone heard a lot of screaming and shouting at the dog. Sadly they didn't have the bottle to call me about it."

The attacks may be rare but they are

certainly not isolated. Only a year ago another local farmer, John Fook of Couchill Farm, also told *Pulman's* of a dog attacking his sheep in fields near Seaton.

Mr Reed added that other farmers also have similar problems from irresponsible dog owners who allow their pets to run free off the lead when livestock are out in the fields.

"If you have a dog then don't let them off the lead in the countryside," added Mr Reed.

Mr Reed re-iterated that farmers are quite within their rights to shoot dogs which they see attacking their livestock.

"Owners are responsible for their dogs," stressed Mr Reed.

"We put signs up and there are new gates on most of the fields that are padlocked but still people go into the fields."

# Approval for brewery facility

BRANSCOMBE Vale Brewery has been given the green light to build a storage and distribution facility in Seaton.

The planning application, which was approved this month, was for an L-shaped building measuring 16metres by 16.5metres at Riverside Way.

Branscombe Vale Brewery was formed in 1992, based at former farm premises by the sea in Branscombe.

The company needs additional space, and Seaton fitted the bill, the planning application stating: "The proposed use would be for the storage of bottled beer for distribution throughout the area.

"Whilst acknowledging that the use would generate additional trips from the centre of production in Branscombe to this storage facility in Seaton, they would be few – numbering approximately four per week.

"The trips from the building to outlets would total about two per week, with only an occasional staff presence at the site."

EDDC approved the application, a planning officer's report summary stating: "The proposal would not give rise to any adverse consequences to matters of acknowledged importance and should help foster the economic well-being of the existing business."

There was an update on The Neptune Project, which has reached its

50th year, by Toby Fox, Assistant Director of Operations for the Devon area. In his interesting digital presentation he gave statistics and the criteria the Trust uses as a basis for this work, plus details on the surveys and work in the Branscombe area, and he mentioned Golden Cap.

## Building Britain's bridges

### WINDSOR FELLOW-SHIP:

Peter White gave a talk on bridges from Cornwall to Scotland (plus a few abroad). Starting with the old Axmouth Harbour Bridge, the last remaining concrete bridge in England, he moved through Barnstaple to Dartmoor with a short history on each, which was useful to people

who had recently moved to the area and brought back memories to those of us who grew up knowing these bridges from childhood.

Photos showed the Saltash Ferry and the new Tamar Suspension Bridge built in 1961, then Colyford Colyton and Whitford bridges. Over the years all have been damaged by flood-

ing but have been rebuilt and are essential to today's motorists, cyclists and pedestrians.

The old Severn Bridge was hit by a barge and demolished and a new suspension bridge was built.

Then up to Scotland's Forth Bridge: a new one is in the planning stages, due to the huge amount of traffic.

## Ladies take turns with flowers

### COLYFORD & DISTRICT FLOWER CLUB:

Hubbard; Advanced 1st Jean Underdown, 2nd Angie Clark, 3rd Sheila Clare. Two new members and three visitors were welcomed.

The next meeting will be held on March 1st, at Colyford Hall at 2.15, including a talk by Olive Jacobs-Price, from Honiton, entitled 'Just William' (William Morris). The competition will be 'Tapestry'. This will be followed by afternoon tea.

## 'Fortune favours the brave'

■ ALAN Cotton and local artist Janet Owen, with her acrylic painting of daffodils

**SEATON ART SOCIETY:** A great variety of artwork was presented to famous artist, Alan Cotton, D.Litt FRSA, president of Seaton Art Society, when he arrived to deliver his annual criticism at Seaton Town Hall last week.

There were plenty of local landscapes, seascapes, portraits, still life paintings and abstracts for him to cast his beady eye over and appraise. Mediums used by members varied from drawings in pencil, charcoal or chalk, water colours, acrylics, collages, oil paintings done with small brushes, big brushes or palette knives, even fingers, and one painting still wet and glistening from last-minute touching up.

Alan's advice to new artists was

"Don't start with water colour, much too difficult. Draw from life. Get to know your subject well before committing it to a painting, and then start with gouache as there's more flexibility for correcting mistakes. Develop your own style, but don't get into a rut and keep imitating it."

He suggested that a change of size or scale would encourage fresh challenges. If you prefer to paint small pictures, try a big one. If you prefer to paint big pictures, try very small. Use a long thin canvas, or a square one. Don't be nervous. Go for it. "Fortune favours the brave."

And when it's finished, put it in a good frame. A good painting needs a good frame to show it off.

# 'Treasure Island-ish' delights at Axmouth

IT ALWAYS astonishes me just how much young talent there is within our local area.

I was privileged to get an invite to Axmouth last week for my ninth and final pantomime of the season to see the glorious Axmouth Children's Theatre perform their *Treasure Island-ish*. Written and directed by local theatre aficionado Malcolm Henty,

The very most was made of the youthful talent in an amusing script with plenty of punch and lots of local jibes.

Based on the Robert Louis Stevenson classic, *Treasure Island-ish* brought together some wonderful pirate dialogue with a fast-paced story, lead by the hilarious Callum Wood who guided the audience along with some awesome ad-lib and gruff banter.

Imogen Oldfield, as Jim Hawkins, performed with fervour and style and Euan Hartnell, as Mrs Hawkins, added some lovely support to the opening scenes, really cutting a dash in his grandiose garb. Their barmaid Helga, Jessica Spiller, expertly delivered a complicated set of lines and when the three combined in a trip onboard ship stowed away in

barrels, the audience was swept up in the jocular jaunt.

The ship they sneaked onto was run by a real rebellious rabble, which included the troublesome trio of Long Joan Silver (Lilley Smitham), Blind Penny (Caitlin Tooze) and Shallot De Berry (Kieran Jaycock) who were excellent as the three silly stooges who set about sabotaging the treasure hunt.

They were up against a good team in Madame Legerts (Rebecca Smitham), Bosun Arrows (William Sykes), Black Lace (Elwin Moss) and Dr What (Matt Real) who did a great job parodying the famous Abbott and Costello 'Who's on first?' routine.

Once on the fabled island destination they were greeted by a bundle of fun in the shape of Bunji Jumper, played with gusto by Luca Flint, and the Scary Fairies, Eleanor Sykes, Nieve Hartnell, Lotte Thorpe and Isabelle Hilton, whose appetites delivered some interesting twists to the plot.

The group, which consists of all 8-16 year olds, worked brilliantly as an ensemble and the big chorus numbers had an infectious energy and a real sense of conviviality, making this a fantastic way for many to make their first foray into the theatre. With the appreciative and lively audience joining in with the Yo Ho Hos, the community support for the youngsters was evident and I was even impressed by the young lad calling the bingo, who did so with vigour and passion.

This was a perfect pirate party and I'll look forward to being invited to the next show.

## Parish council 'dividing communities'

■ I WOULD like to respond to the comments made by Andrew Parr, chairman of Colyton Parish Council in last week's edition of *Pulman's View From Colyton* (February 16th).

Mr Parr stated that I was fighting a "turf war". The dictionary description of a turf war is "an acrimonious dispute between rival groups over territory, or a particular sphere of influence".

There is no dispute whatsoever regarding territory, both Colyton and Colyford are aware of their boundaries, and they are not in dispute at all. Therefore it must be a "particular sphere of influence", and yes, I agree.

Colyton Parish Council has overall control, and therefore influence over what happens in Colyford and Colyton simply because Colyford is within the Colyton Parish Council area. Many of the residents of Colyford are very unhappy with the lack of support or investment in Colyford, and the continuous lack of discussions and actions over matters affecting the village. You only need to look at the council minutes for the last few years to discover that Colyford is hardly ever discussed.

Yes, I have been fighting a rearguard action for a long time, but without success. I have chosen to respond to the acrimonious lack of action and interference that goes on regarding our village. I have been doing this for four years as a councillor without any real success, and I now try as a member of the public. However, all my efforts are pushed to one side every time; it is the parish council itself which is dividing our two communities.

The residents of both Colyton and Colyford get on very well together, and work with each other on joint projects; there is no dispute between the two communities, only with the parish council. The neighbourhood plan is a community project attempting to involve all members of both communities and will be finally approved in a referendum by the whole community, and not the parish council. The council's role is to guide us and support us in our work. Their contribution so far has been the opposite, leading to disillusionment and frustration, and sometimes fear!

Colyford pays almost one third of the parish precept in the form of council tax, but receives almost nothing in return regarding investment. This must not be allowed to continue.

With regard to Andrew Parr's other comments, I did ask in my speech at the council meeting if the councillors will discuss and comment on my statement. This was ignored, and ignored again later in the meeting when a councillor requested that our complaints be discussed.

Colyford must have its own section of the neighbourhood plan as EDDC now classify Colyford as "country-side" with no new development at all except minor infill between existing properties. On the other hand, Colyton is now classified as a "large village" by EDDC with development allowed within its own built up area boundary. This is the major difference between our two communities, and both must therefore be considered separately, which is what the Colyford committee has been trying to do.

When the Colyford neighbourhood plan committee was formed, it was diplomatically and unanimously agreed that there would be 10 Colyford residents plus two Colyford based councillors on the committee. It was not long after this that the parish council demanded that Councillor Colin Pady be added to the committee, even though he now resides in Colyton. This is one typical example of the council's sphere of influence, the first of many since then!

Colyton Parish Council must let go, and let both communities get on with the plan together, without all of this interference. If not, perhaps Colyford should consider going it alone! Colyton Parish Council is pushing us in that direction if they are not very careful.

I have not been the only person in Colyton and Colyford who has been under attack from the parish council, and I will not be the last.

*Howard West, Colyford*

## Don't believe threats were made

■ I AM writing to say that I am unhappy about the reporting in your paper of Howard West's allegation that he and his wife received verbal threats from a Colyton parish councillor and that councillors were acting in a "threatening, aggressive and hostile" manner towards Colyford neighbourhood plan volunteers (*Pulman's View From Colyton*, February 16th).

I personally have never threatened anyone in Colyford and I don't believe that any other councillor has. Rather than reporting unspecified allegations, your paper should have asked Mr West to give details of the threats and which councillor made them. If he refuses to do so then his refusal will speak for itself.

Most of us in Colyford want to get on with the neighbourhood plan; Mr West seems only interested in raising trouble.

*Councillor Peter Gibbins,  
Colyford*

Mother's Day

## Ye Olde Poppe Inn

YE OLDE POPPE INN is open for business once again! The pub is newly refurbished after an electrical fault caused a fire on the premises. Open from 12pm to 12am everyday, Ye Olde Poppe Inn is the perfect place to find comfort in the cold, day or night. This quaint 15th Century public house not only offers local award winning West Country ales, but also deliciously hearty, home-cooked food which is served daily 12pm – 3pm, Monday to Saturday 5.30pm – 9pm and Sunday 5.30pm – 8pm.

Why not treat your mum this Mother's Day to great food in a beautiful setting, with 2 courses from £14.95 or 3 courses from £19.95. You even get a small token gift included in the price!

Landlady Danni took over in April 2014 and with the support of the owner, Hall & Woodhouse, has invested a substantial amount of time to bring the pub up to its full potential. The most recent of

these investments can be seen before you even walk through the door, with an impressive new thatched roof. With over 13 years experience in the hospitality industry Danni prides herself on hard work and creating an inviting, friendly atmosphere for all who step foot in the door.

If you're after a real West Country drink then Ye Olde Poppe Inn is just the place to visit as they have two permanent draughts of Badger Ale, which is brewed just over the border in Dorset. Not only that but you are spoilt for choice as there is also a Seasonal one to choose!

Their facilities include a large car park and a beautiful beer garden to enjoy when the winter weather is mild, and being on the A358 the location is excellently situated for a visit when exploring the Jurassic Coast or a day out in the beautiful Somerset countryside.

## AXMINSTER GARDEN MACHINERY

AXMINSTER Garden Machinery is the wholesale factory appointed dealer for the increasingly popular Walker Mowers in the South West.

Phil Roper, who has worked in the horticultural industry as a garden machinery expert for over 32 years, formed Axminster Garden Machinery in 1999. As a sales engineer and manager this background gives Phil the chance to offer all of his customers expert knowledge when either choosing either new or used equipment, and he can also give customers honest advice or recommendation.

Phil advises that the Walker Mower is up to 25% more productive than other zero turn mowers. The range offers compact machines that can get in and out of places others can't. They are easy to manoeuvre with precision steering. Due to the low centre of gravity and balanced weight distribution the Walker has excellent stability.

The operator also has a full view of the mower deck and the grass in front of and beside it.

Phil personally and carefully selects every piece of new machinery and equipment Axminster Gardens Machinery sell, and has used and tested all the machinery they offer. With a large showroom and parts department as well as a fully equipped workshop, it is possible to actually view and handle virtually every type of machinery they supply.

Axminster Garden Machinery are an independent horticultural and ground care equipment Specialist, and pride themselves on the fact that they are factory main appointed dealers, for this gives the customer peace of mind when it comes to spares or repairs or servicing. When repairing machinery, Axminster Garden Machinery firmly believes in quality engineering and design. They can provide the full backup.

Their aim is to know that the customer's needs and concerns have been met to give them quality, user-friendly equipment at the right price.

## EDEN GARDEN, FENCING & LANDSCAPING

AT EDEN Garden Fencing and Landscaping based in Seaton, Devon we have been building and installing quality Fencing, Gates and Decking, along with Landscaping, for some 15 years. This makes finding a Fencing Contractor simple by providing for all clients' requirements, large and small locally. The timber products side of Landscapers, Eden Garden Developments, offers a friendly, professional, integrated service and the Seaton, Devon base covers a 30 mile radius.

A timely example, given the present gusty conditions, is Garden Fencing, where this can be replaced or repaired, depending upon condition and the budget available. This can be either Close Board, Panel (with or without Trellis), Post and Rail or Picket Fencing. Eden Garden Fencing and Landscaping also supply and fit Gates (see inset).

Whilst we take pride in installing robust and durable fencing products, "cost leadership" is still at the forefront of the business, whilst keeping quality and the principles of design foremost. Much of the work can be done during Autumn and Winter when the ground is less

compacted and this time is also perfect for renovating the garden generally. So by Spring many garden improvements can be ready to be enjoyed.

There is now a dedicated Timber Products website, [www.edengardenfencing.co.uk](http://www.edengardenfencing.co.uk), giving examples of the range and quality of workmanship. ## Bowen Therapy and Energy Healing

Melanie Philip

### PAIN IS NATURE'S IDEA OF TOUGH LOVE!

LIKE the notion that the best love you can give addicts who are destroying themselves is to be tough about not enabling their destructive behaviours, pain is your body's version of tough love.

Pain forces you to stop what you are doing and shift your attention. It requires you to recognise when your body has been damaged or when its ability to care for itself is being overwhelmed.

It is the belief of most complementary practitioners that your body is designed to heal itself. The ability of a body to maintain its health and overcome illness is, in fact, among nature's most remarkable feats.

But You have been placed in a world that systematically interferes with this natural capacity, and your conscious involvement in your health is required if you are to truly prosper.

Pain is evolution's oldest device for getting your conscious mind involved in your body's health and safety. Pain is more than just a distress signal. It is a distress signal with teeth. It insists that you fix the problem and that if you don't know how you figure it out.

Melanie Philip has found that the Gentleness of Bowen infused with Energy Healing creates not only a strong foundation and environment for the body to repair and reset itself but also works directly with the subtle energies that give our bodies life and form the foundation of our health.

### Reflexology

Reflexology is an ancient healing therapy, derived from Eastern philosophy, which focuses on stimulating "reflex points" on the feet (or hands).

The rationale for the efficacy of reflexology is believed to be the result of stimulation of the circulatory, lymphatic, nervous and energy systems which connect throughout the body and which are in a constant state of communication.

The holistic nature of reflexology therefore lends itself to help treat a wide and diverse range of disorders ranging from emotional stress to muscle and structural pain.

Precision Reflexology is a unique, gentle form of reflexology. In addition to massage and stimulation of specific points it uses a linking technique; ie two or more reflex points can be linked together increasing the power and holistic nature of the treatment.

Reflexology is suitable for people of ALL ages and there are very few contraindications. Only shoes and socks need be removed and the client lies in a special reclining chair for a deeply relaxing experience.

## Podiatrist / Chiropodist Lindy Parry

I HOLD my private chiropody clinic at Townsend House Surgery in Seaton.

I offer a range of treatments from a simple nail cut to nail surgery, and each treatment plan is priced accordingly.

The nail cutting only service is a shorter appointment and is ideal for those that don't have any other foot care needs. Others like to alternate nail cuts with chiropody treatments as it best suits their requirements. I always aim to work with the patient to find the best treatment plan to suit each individual. Patients feet are then monitored during treatment so that changes can be made should the need arise.

Diabetic patients who attend for chiropody will also have a diabetic foot assessment carried out during their first treatment, and will then be monitored and reassessed as necessary.

My chiropody clinics are available to anybody seeking help with their feet and Townsend House and I look forward to welcoming you.

Bookings can be made by calling 01297 22956.

**Blueberries:** High in fibre, Vitamin C, anthocyanins and antioxidants. Wonderful sprinkled on porage and for snacking.

**Broccoli:** High in fibre, vitamin C, vitamin K, iron and potassium. Broccoli can be enjoyed both raw and cooked, but recent research shows that gentle steaming provides the most health benefits.

**Spinach:** vitamin K, vitamin A, manganese, folate, magnesium, iron, copper, vitamin B2, vitamin B6, vitamin E, calcium, potassium, and vitamin C. It is a very good source of dietary fiber, phosphorus, vitamin B1, zinc, protein, and choline.

It is amazing that all these nutrients are contained within each of the above. Including just a few superfoods, of which there are many more than the above, in our daily diet can have fantastic health benefits.

Here's a Superfood green smoothie recipe, packed full of superfood nutrients – a great start to the day or for an energy boost!

## Axe Valley Counselling Anne Roberts

### Relationships: Great expectations!

SO Valentine's Day has been and gone – were all those expectations of heart-felt professions of undying love and your constant desirability met by your beloved? Does the 'always and forever' still stand?

Romantic occasions and expressions of love are important moments in a relationship, but these can be expressed at any time of the year. The problem is that Valentine's Day has a huge build up, with pressure, both commercial and personal, to come up with the romantic goods.

If your relationship is generally loving and supportive, this day is just another opportunity to say 'I love you'. If, however, there are lots of problems and issues in your relationship which don't seem to get resolved, the expectations of this day become very weighty and subject to great disappointment on the one hand, and resentment on the other. Flowers, chocolates, dinner may momentarily ease problems, but they won't make them go away or be resolved.

Life isn't perfect, relationships are rarely perfect, but living with on-going disappointments, un-met expectations, anger, resentments and unhappiness is an exhausting way to live and takes its toll on mental, physical and emotional health – for the couple, children and families.

Counselling can help get your relationship back into perspective, and sort out what can and can't be changed. Leaving it too late reduces your options as the willingness, energy and investment runs out. Getting help in time can transform your relationship and, at least, clarify your choices.

If you would like help to make changes, contact me, Anne Roberts, Counselling South West, on t: 01297 301035 m: 07887 961954 email: info@couplecounsellor.co.uk: www.couplecounsellor.co.uk

## Clinical Hypnotherapy

Michelle Hague

**Stopping Smoking ? There is something you need to know.**

E-CIGARETTES may not help you quit: Smokers using E-cigarettes are 28% less likely to ditch traditional cigarettes, So says the medical correspondent Ben Spencer who reported on the medical study published this year in the Lancet.

The study has concluded E-cigarettes do not help smokers to quit tobacco.

However these findings have become very controversial and are contrary to leading health officials in England, who have repeatedly insisted that e-cigarettes are a key tool to reduce smoking rates.

The study which was a systematic review of all available data on the issue, is the largest to date, and evaluated whether e-cigarettes assist smokers in quitting cigarettes.

Published in the Lancet Respiratory Medicine journal, it concluded that e-cigarettes do not help smokers quit, and should not be recommended for that purpose until there is solid proof that they do.

E-cigarettes contain a liquid form of nicotine that is heated into vapor to be inhaled, avoiding the harm caused by tobacco smoke.

While there is little doubt that an e-cigarette is less dangerous than a conventional cigarette, the most dangerous thing about e-cigarettes is that many keep smoking conventional cigarettes too.

The irony is, that stopping smoking is one of the main reasons adults use e-cigarettes, but on the whole it would seem the effect is less, not more, stopping.

Steven Bernstein of Yale School of Medicine, writing in a separate editorial published by The Lancet, said that despite concerns over the data and findings of the study, it did raise questions about the usefulness of e-cigarettes as a quitting aid.

The evidence for Hypnotherapy from previously satisfied clients, who have stopped smoking demonstrates that Hypnotherapy can help some people to stop,

this includes stopping the use of e-cigarettes too. But is also means it can help you to change any habits that you want to change. If you are ready to stop, and ready to change a behaviour, Hypnotherapy could help you.

To speak to Michelle about becoming someone who used to smoke, or to find out if she can help you make changes to your life, call her on 07761773563

## Traditional Acupuncture

Val Davis

**Acupuncture can improve and maintain health and energy and enhance a sense of well-being**

ACCORDING to traditional Chinese philosophy, our health is dependent on the body's motivating energy (qi) moving in a smooth and balanced way through a series of channels beneath the skin.

Acupuncture can affect the quality of qi, your body's vital energy, by the insertion of very fine needles into specific points along these channels. This stimulates the body's healing response and restores natural balance. Treatment is aimed at the root cause of your condition as well as your main symptoms. This approach helps with resolving your problem and enhancing your feeling of well-being. You may notice other niggling problems resolve as your main health complaint improves.

The type of conditions that I mostly see in my clinics include the following: arthritis, back pain and sciatica, poor circulation, low energy levels, hormonal/menopausal symptoms, pregnancy management, fertility problems, weight management, and addictions such as smoking. However, you don't have to be ill in the conventional sense to benefit from acupuncture, sometimes

people come to see me because they are feeling low, unwell in themselves, or maybe not sleeping as well as they would like to.

Professional Acupuncturists spend at least 3 years training at degree level to become an Acupuncturist. We are then entitled to join the British Acupuncture Council and to use the letters Lic.Ac., B.Ac.C after our names. We also have public liability and professional indemnity insurance. Many of us have also studied at post-graduate level and are constantly updating our skills and experience.

So, why not give me a ring and see if I can help.

# Jonathan's Larger than Life

THE AMAZINGLY talented and versatile international singer Jonathan Veira is coming to The Beacon, Kilmington, EX13 7RF as part of his 'Larger than Life' tour. From Billy Joel to Mozart and everything in-between – nothing seems too hard for him! Ballads, blues, rock n roll, & jazz – everything sounds completely authentic and exhilarating. A mix of story telling and song will appeal to most people. When did you last see young and old rocking with laughter together? Jonathan Veira's one-man show is distinctive because you get so much more than just 'the voice'. He is a superb comic raconteur, whose anecdotal story-telling has people of all generations laughing helplessly. A naturally funny man whose

engaging and enthusiastic performance leaves a lasting impression.

Book it in your diary to come to the concert at the Beacon on Friday 4th March 2016 at 7.30pm. Tickets cost just £7 and include interval refreshments. It will undoubtedly be the best Friday evening for a long time, and also has got to be better than watching TV alone! To book – phone 01297 631638 or e-mail [events@beaconbaptist.co.uk](mailto:events@beaconbaptist.co.uk)

# Mike's Melody Makers

ACCLAIMED jazz pianist Mike Collins has been winning rave reviews for his latest album 'And Suddenly'. The album has been described

Mike Collins

as "elegant, accomplished, a classic in the making" by *London Jazz News*, while *the Jazzman* has said "Mike Collins is a musician who will be well worth seeing live in whatever instrumental context you might find him". How lucky for jazz fans then that Mike will be playing a live gig at Ilminster Art Centre on Friday, February, February 26th!

Mike's trio comprises award-winning double bassist Ashley John Long, and Greg White on drums and for this concert the three will become four with the addition of guest saxophonist Lee Goodall. Their distinctive brand of music is melodic with an attractive rhythmical flexibility that relies on the instinctive empathy between the musicians to deepen and colour the music.

The Mike Collins Quartet plays at Ilminster Arts Centre on Friday, February 26th at 8pm. Tickets £14 (pre show supper £13 at 7pm, booked in advance), available from the website at [www.themeetinghouse.org.uk](http://www.themeetinghouse.org.uk) or by calling 01460 549773.

# Trio of fine folk musicians join forces for exciting new collaboration

LEVERET features three of England's finest folk musicians in an exciting new collaboration. Andy Cutting, Sam Sweeney and Rob Harbron are each regarded as masters of their instrument and are involved in numerous collaborations with a huge range of artists. Together their performances combine consummate musicianship, compelling delivery and captivating spontaneity.

Leveret's music is firmly rooted in the English tradition but is fresh and new, with original settings of ancient tunes sitting alongside new compositions by some of today's finest tunesmiths in the folk field. Sophisticated and honest, considered and spontaneous, each performance is improvised ensuring no two shows are ever the same and each performance is a totally unique experience for the audience.

Andy Cutting, BBC Radio 2 Folk Award Winner 2008 and 2011 'Folk Musician of the Year' is an exceptional player of the melodeon, known for his work with Martin Simpson, Blowzabella, Chris Wood, June Tabor, Kate

Rusby, and many more.

Sam Sweeney, BBC Radio 2 Folk Award Winner 2015 'Folk Musician of the Year' and fiddle player in Bellowhead, is also in demand as a multi-instrumentalist, working with Jon Boden and the Remnant Kings, The Full English, Fay Hield and the Hurricane Party, and his own project Made In The Great War.

Rob Harbron has reinvented the English concertina and is

known for his work with The Full English, Jon Boden and the Remnant Kings, Fay Hield, Emma Reid and the English Acoustic Collective.

Leveret play at The David Hall, South Petherton on Saturday, March 5th at 8pm. Hannah Cumming will provide support on the night. Tickets are £16, available from the website at [www.thedavidhall.org.uk](http://www.thedavidhall.org.uk) or by calling 01460 240340.

Adding a solid fuel stove to your home will bring not only warmth and comfort to your living space but will also complement the style and design of your home. If you are concerned about your green footprint then burning wood is the most environmentally friendly way to heat your home, as wood burning is considered to be carbon neutral. ## ENHANCED SERVICE FOR LESS WITH DISTINCTLY WESTCOUNTRY AT FORTNAM SMITH & BANWELL

THE Seaton branch of Property Sharing Expert estate agency, Fortnam Smith & Banwell has launched a special offer to owners of distinctive homes in the area, which provides the enhanced 'Distinctly Westcountry' marketing service at a lower fee.

Anyone instructing the busy agency to sell their home of distinction before 1st April will get the all-singing, all-dancing service at a discounted commission rate of just 1%.

Distinctly Westcountry is a whole suite of marketing products and activities including a glossy magazine, dedicated website and a Distinctly Westcountry London of-

fice, on Regent Street, W1, all designed for and devoted to homes of distinction in the South West; a superior service for sellers and a convenient single source of such properties for buyers.

Distinctly Westcountry is available from and features in around 85 offices throughout the Westcountry, all of which share properties with each other to reach more buyers – both in-office and online.

In addition to Fortnam Smith & Banwell's already comprehensive marketing package, expertise and first rate local knowledge, those selling a distinctive home through the highly trusted agency

will secure tailor-made marketing package including an advert in the Distinctly Westcountry magazine, a professionally printed glossy brochure, a showcase on www.distinctlywestcountry.com, a prime spot in the agency's central Distinctly Westcountry window display, a listing on OntheMarket.com and an upgrade to a premium listing on Rightmove giving your property even more prominence, and last but not least a Property of the Week editorial in the local 'View From series of newspapers – all for the agency's standard fee – reduced to 1% for new instructions before 1st April.

Properties placed for sale with Fortnam Smith & Banwell before the middle of February will also get a place in the Westcountry Property Exhibition, taking place in Fulham on Thursday 17th March.

Charlotte Reynolds, Branch Manager at Fortnam Smith & Banwell in Seaton, said: "There is currently an unbalance of supply and demand in the property market at the moment and we are in urgent need of three and four bedroom homes for proceedable buyers. With Spring in the air, the forthcoming Westcountry Property Exhibition and a minimal amount of competition for these types of property, now is an excellent time to put homes on the market and we hope our promotion on fees will encourage sellers who may be holding off till the spring to act now.

With Distinctly Westcountry, 'distinctive' doesn't necessarily mean manor houses and property estates – it also includes more modest yet unique homes and those in the most exquisite urban, rural and coastal locations, therefore, our promotion and tailor-made Distinctly

Westcountry service will benefit a great number of sellers."

Fortnam Smith & Banwell has been established for a quarter century and the Seaton office opened more than 10 years ago and sits right in the heart of the pedestrianised town centre with prominent window displays. The agency's team of loyal staff has many years of specialist knowledge and experience in selling homes in the local area and over time, the office has built a reputation for its personal service, a real understanding of its clients' needs and getting sales through to completion with a constant communication stream, keeping stress levels for clients to a minimum.

## Ford unveils advanced, sporty and efficient new Kuga SUV with Sync 3

FORD Motor Company today revealed the new Kuga, offering customers a more technologically advanced, refined and sportier redesign of one of Europe's favourite sport utility vehicles.

The sophisticated new Kuga will offer technologies and updates to make driving simpler, safer, more enjoyable and more affordable. These include Ford's new SYNC 3 communications and entertainment system, innovative driver assistance technologies, an ergonomic and comfortable interior and a new 120PS 1.5-litre TDCi diesel engine.

The bold and sporty new Kuga debuts at Mobile World Congress in Barcelona. The new Kuga also will offer Ford's Perpendicular Parking technology that helps drivers park hands-free in spaces alongside other cars; an enhanced version of the Active City Stop collision avoidance system; and Ford's Adaptive Front Lighting System for optimised

visibility in low light. Further sophisticated technologies include Hands-Free Tailgate and Ford Intelligent All Wheel Drive.

"New Kuga offers cutting-edge new features and technologies that will help drivers stay connected, comfortable, safe and stylish on the road," said Joe Bakaj, vice president, Product Development, Ford of Europe. "The sophisticated redesign has given Kuga a fresh and modern feel, while SYNC 3 enables drivers to communicate with their vehicle and connected devices in seamless ways that would have seemed impossible just a few years ago."

Ford is launching the new Kuga and the larger Edge SUV this year, after introducing an updated EcoSport last year. Ford is bolstering its SUV line-up just as it has been predicted by industry sales analyst IHS that sales in the SUV segment are poised to increase to 27 per cent of all vehicle sales in Europe by 2020.

New Kuga and the Edge are among five all-new or redesigned Ford vehicles that will compete in the SUV and crossover space in the next three years.

Kuga spearheaded the company's SUV expansion in the UK after first going on sale in 2008. 2015 sales for the full year were 32,936, up 35.2 per cent, compared with 2014. EcoSport sales also grew to 11,315 in 2015, securing 4th position in the small SUV segment.

Ford expects SUV sales to treble in the UK in 2016 compared with 2013.

"Ford is delivering a European SUV line-up that offers the stylish design, car-like dynamics, and sophisticated technologies that consumers desire," Bakaj said. "Demand for SUVs is stronger than ever, and Ford is expanding its range to offer everything from rugged models with true go-anywhere ability to sporty models designed to suit urban lifestyles."

## MINI upgrades Hatch standard equipment and adds two new option packs

MINI has today announced a number of enhancements for the standard specification on MINI Hatch models and the introduction of new personalisation options available exclusively for UK drivers.

LED headlights and foglights are now included in MINI's flagship option pack, the MINI Chili Pack. Such are the savings of MINI Chili Pack that it is bought by over 50 per cent of MINI Hatch customers and 75 per cent of MINI Clubman customers.

In addition to the enhancements to the popular Chili Pack, MINI is today announcing that MINI Teleservices and MINI eCall will be standard on all MINI Hatch and MINI Clubman models from March.

Fully integrated into the car, MINI Teleservices is able to monitor the car's service condition throughout its life. If an issue is ever detected, MINI Teleservices can send this data to the driver's preferred MINI Retailer and an appointment to fix the problem can be arranged at the customer's convenience.

With MINI Teleservices, MINI Financial Services is now also able to offer significant car in-

surance discounts for MINI Hatch drivers with MINI FlexiMile Insurance. By using MINI Teleservices, MINI FlexiMile Insurance is able to accurately monitor the amount of miles driven. Drivers who typically achieve 6,000 miles or less in a year will qualify for a discount on MINI Car Insurance if they opt for the new MINI FlexiMile Insurance product.

Without having to rely on Bluetooth connections, MINI eCall is capable of reading the speed and angle of the car on impact, the number of airbags deployed and how many seatbelts were in use at the time. Based on this data, MINI eCall determines the severity of the impact, triggering an emergency call, where this information can be shared with the emergency services. MINI eCall has its own battery unit and speaker so can function independently of other vehicle systems in the event of a severe incident.

MINI Teleservices and MINI eCall will be offered as standard on MINI 3-door Hatch, MINI 5-door Hatch and MINI Clubman from March of this year.

In addition to the changes to standard equipment, MINI customers will also have the choice of two new option packs; MINI Tech Pack and MINI Yours Pack. Both of these packs allow drivers to customise their MINI for less, while increasing the residual value of their vehicle\*.

Available on all MINI Hatch models, and the brand new MINI Convertible, the newly launched MINI Tech Pack includes MINI Head-Up-Display, a first for the small car segment. MINI Head-Up Display extends above the steering wheel, projecting the

vehicle speed, media information or even satellite navigation instructions on an easy-to-read display. A rear-view reversing camera is included on models where it is not offered as standard.

MINI Head-Up Display is fully integrated with the 8.8 inch central display, also included in the Tech Pack, complete with 20g harddrive, 3D mapping and real-time traffic information. This also includes MINI Connected XL with its Journey Mate function, which allows drivers to map their journey

with way points and reminders before even getting into the car.

MINI Connected is also fully compatible with Spotify, controlled directly via the MINI Controller. A 12-speaker Harman Kardon stereo system combines two under seat subwoofers with five mid-range speakers and five tweeters.

Packed full the best of technology options MINI has to offer, the Tech Pack represents a saving of 10 per cent on MINI 3-door, MINI 5-door, MINI Convertible and MINI Clubman, when compared to

purchasing individually.

The MINI Yours pack has been developed exclusively for the newly launched, MINI Convertible and MINI Clubman models. The pack includes hand-stitched MINI Yours Steering Wheel in Walk Nappa leather, striking Walk Nappa leather seat upholstery with braided piping, quilted leather design and a Union Flag embroidered into the headrest. Additional interior lighting comes with a choice of three MINI Yours interior surfaces, completing the look of the MINI Yours Pack.

SPACE may be the final frontier, but for customers exploring the all-new, and newly available, Audi A4 Avant it is likely to be one of the first and foremost considerations. Fortunately the five-door version of What Car? Magazine's 2016 Car of the Year proves to be a star in this respect, offering the most expansive seats-up luggage capacity in the premium compact executive sector to complement the quality, technological ingenuity and optimal efficiency for which the A4 is already renowned.

The even more versatile A4 can now be ordered at prices ranging from £27,300 OTR to £40,350 OTR, and retention of these original values is likely to be another important consideration for prospective purchasers. Here, too, the A4 Avant doesn't disappoint, with leading trade guide CAP Monitor predicting that the majority of versions will achieve residual values that are either strongest in the premium compact estate class or unbeaten in the class.

As an example the A4 Avant 2.0 TDI ultra Sport 190PS – the expected best-seller in the range – is predicted to retain 40 per cent of its value after three years or 60,000 miles, ahead of its key premium sector rivals.

### Class-leading luggage capacity

The all-new A4 Avant intelligently integrates a class-leading 505 litres of luggage capacity – extending to 1,510 litres with the seats folded – into a capacious interior that now affords even more head and shoulder room for front seat occupants and offers an increase in overall rear leg room compared to its predecessor.

All this can be enjoyed in remarkably hushed tones thanks to numerous aerodynamic and aeroacoustic advances, and in surroundings that exude a degree of quality and technological sophistication that far exceeds even the outgoing car, which was renowned in its own right for its outstanding fit and finish.

The Avant engine line-up will initially include a wide choice of 2.0 litre and 3.0-litre TDI engines with outputs starting from 150PS and rising to 272PS. The refined and responsive 1.4-litre TFSI petrol engine at the entry point to the A4 Saloon range will also become available to Avant customers slightly behind the first phase in April 2016.

### Twelve ultra variants

As in the Saloon, two versions of the 2.0-litre TDI engine with 150PS and 190PS power a total of 12 front-wheel-

driven 'ultra' variants offering up to 70.6mpg with CO2 output of as little as 104g/km – their frugality can be enjoyed in conjunction with both SE and Sport specification incorporating 17-inch alloy wheel designs.

The V6 TDI contingent starts with the 218PS version which played such a key role in securing What Car? Magazine's Car of the Year Award for the saloon – here it returns up to 64.2mpg with a 114g/km CO2 output when combined with Sport specification and front-wheel-drive.

To fully exploit the economy potential of this absolutely up-to-the-minute engine technology, the powertrain and chassis of the A4 Avant have also been completely redeveloped. The six-speed manual transmission, the seven-speed S tronic twin-clutch (now also available for front-wheel drive) and the eight-speed tiptronic have been reworked, and in the process the automatic transmissions have incorporated a fuel-saving freewheeling function.

The inherent agility of the A4 Avant with its completely new platform incorporating sophisticated five-link fully independent front and rear suspension can be amplified further by adding a

more intelligent and faster-reacting evolution of quattro all-wheel-drive as an option for 2.0 TDI 190 and 3.0 TDI 218 engines. The purely mechanical system with its self-locking centre differential is also a standard feature of the 2.0 TFSI 252PS and 3.0 TDI 272PS versions.

All models are available with suspension in either a comfort-focused state of tune or with a tauter and more sporting set-up – the latter is standard for S line versions but can be 'deselected' in favour of comfort suspension at no extra cost. For even greater emphasis on dynamic ability it is also possible to specify a dynamic steering system which varies its ratio according to speed and steering angle and adaptive damper control with a 'sport' bias for all versions. Adaptive damper control with a 'comfort' set-up favouring suppleness can also be specified for all versions bar the ultra models, which are exclusively equipped with sports suspension.

Where these options are fitted, their operating characteristics are configurable via the Audi drive select adaptive dynamics system, which is a standard feature across the range. Its Comfort, Auto, Dynamic, Efficiency and Individual modes also have a bearing on the re-

sponse of the throttle, the shift points of the automatic transmissions if specified and the weighting of the steering.

### Driver aids

The high quota of standard fit onboard technology can also be complemented by an array of the most advanced driver aids which can take the strain out of everything from reversing out of a parking space into fast-moving crossing traffic to enduring stop-start city driving. Drivers looking to maximise economy will also

appreciate the predictive efficiency assistant, which helps drivers to reduce fuel consumption by up to 10 per cent by using navigation route data to alert them to situations in which it would make sense to reduce speed, such as before bends, towns or speed limit signs that are not yet visible. The system can adapt the preselected speed to the route and the speed limits and also take over predictive control of the free-wheeling function of the automatic transmissions.

## Ten-man Tigers gutted at Galmpton

### Ax disappointed by opponents attitude in bad tempered encounter

#### SW PENINSULA D1 (E)

**GALMPTON 2 AXMINSTER TOWN 1**  
AXMINSTER Town travelled to Galmpton to play a team on a good run and in fourth place in the table.

The Tigers deservedly went in front when Ben Turner struck home from the edge of the area, but Galmpton equalised from the penalty spot soon after.

Undeterred, Ax continued to press and Portuguese midfielder Oscar Lata, another former Chard Town man joining the ranks, making an impressive debut, struck the post after a quick flowing move.

Following this the Tigers were awarded a penalty after handball but Gary Spiller's spot-kick was saved by the keeper and the half ended all square.

The opposition had rearranged their midfield in the second-half and were now much more of a force and the duly took the lead when the Ax defence failed to clear a cross.

With the game drawing to a close Turner received a straight red card for what appeared to be excellent tackle. The opposition reacted in the same way they had all afternoon by surrounding the referee.

The final whistle soon followed

◆ **RED CARD:** Ben Turner

with The Tigers feeling they were worth a point.

An Axminster spokesman said after the game: "Perhaps the most disappointing aspect was the way in which the opposition approached the game.

"If the match official is not strong enough or willing to prevent certain events on the pitch then inevitably proceedings will get out of hand.

"The hosts set their stall out in the first few seconds when a very late tackle on one of our players went unpunished by the official. From then on it was obvious what type of game this was going to be.

"To our lads credit they didn't buckle and kept their heads to play some excellent flowing football."

The Tigers are due to visit Crediton United on Saturday. A hat-trick from Sam Dibling and two goals from skipper Jon Hurford clinched a 5-0 win for Ax in the reverse fixture at Tiger way back in late September.

Meanwhile, a waterlogged Manstone Road saw SIDMOUTH TOWN'S visit by Crediton postponed.

The Vikings are set to hit the road on Saturday with a match at title contenders St Martins.

AXMINSTER RESERVES 3 FLUXTON 1	D&E Division 4
AXMINSTER Town Reserves went into their game against	

Fluxton knowing that a win would see them extend their lead over their closest rivals who were again not able to play due to the weather.

Kicking into a strong wind blowing straight down the pitch the Tigers had to battle hard against a spirited Fluxton side who put them under early pressure.

They held firm thanks mainly to good defending and some fine saves from keeper Brett Garner. They settled after 20 minutes when Mark Hancock finished off a fine move with a well-taken goal.

With half time approaching a defensive error allowed Fluxton to score from a corner, they then dominated the early stages of the second-half before Axminster took a grip on the game.

Further goals from Hancock after 70 minutes and Mike Ruso 10 minutes later saw the tigers take all three points from a difficult game.

#### BEER ALBION RES 1 SANDFORD 3

**D&E Division Five**  
AFTER three weeks of inactivity Beer Albion Reserves lost 3-1 against fellow strugglers Sandford at the Furzebrake on Saturday writes Richard Honnor.

The Fishermen were troubled early on by the pace of the visitors and were regularly caught out on both flanks by the visitors' direct wing play.

Despite this Beer fashioned an opportunity after only six minutes when a flick from Nathan Newbery put Ross Broome in on goal but his shot was deflected away by Sandford keeper Hawkins.

Thereafter it was one-way traffic as Sandford dominated possession. But, or all their pressure the visitors rarely looked threatening in front of goal although home keeper Michael Westlake had to be alert after 16 minutes when he blocked a shot at close range.

Then with half-time approaching and against the run of play, Beer took the lead when a fine 20-yarder from Newbery caught Hawkins off his line and sailed into the roof of the net.

But The Fishermen's lead was short-lived and Sandford equalised on the stroke of half time through Smith who toe-poked the ball past Westlake from close range.

The second half was one-way traffic. Eventually, after several missed opportunities, and after a couple of valid penalty shouts were turned down, Sandford went ahead in the 73rd minute when Dan Uren hit an unstoppable shot.

Five minutes later Smith notched his second from close range to seal the points.

For Beer, centre-back Josh Moughton played well and the team never gave up despite being well-beaten. Next week the Reserves entertain Priory, the match sponsor is Jean Bartlett Holiday Cottages, Fore Street, Beer.

NEWTON POPPLEFORD 2NDS 4	AXMINSTER TOWN 3RDS 0
D&E Division 9	
AXMINSTER 3rds started this game well and created the better	

chances but then conceded a goal and the hosts took control and netted twice more giving them a 3-0 interval lead.

It was obvious things had to improve for the Tigers in the second half and they did but the goals just wouldn't come.

The introduction of Dean Whitehouse and Darius Pickery maintained gave the side a lift, but, on the day they were just not good enough against well balanced and organised opponents.

#### TEDBURN ST MARY RESERVES 2 MILLWEY RISE RESERVES 3

MILLWEY gained revenge for their earlier home defeat by Tedburn and moved up a couple of places in the table as a result.

A gale force wind sweeping from end to end played a large part in dictating the result.

Rise, playing against the wind in the first half, were a goal down in less than a minute when Tim Bartlett swept the ball into the net.

From that point on it there was an near incessant attack on visitors' goal which they withstood until the 25th minute when Mike Seward broke through and scored.

The second half began in a similar fashion to the first except it was Millwey scoring within the first two minutes courtesy of Zak Meaker from Alex Rockett's pass.

The latter was extremely unlucky minutes later when his shot rattled the crossbar.

Millwey were then put under sustained pressure during which Tedburn had an effort ruled out for offside and had several attempts cleared off the line.

MoM Henry Mitchell then burst through the home defence to put Millwey level.

Then Haydn Lewis forced the ball home from a goalkeeping error to give Millwey their win.

HAWKCHURCH UNITED'S interest in this season's Daisy Hutchings Cup competition ended with a 2-1 extra time defeat at Mister-ton.

The Hawks took the lead through Jamie Harris just before half-time.

A Jake Barry strike forced the extra half-hour and the game was won when Jake Chapple handled in the area and Scott Jennings netted the winner from the penalty spot.

Hawks' manager Martin Bright praised the overall performance of referee Mike Dobson, but felt that the award of the decisive penalty was harsh.

Hawkchurch, still well clear at the top of Division One, turn their attention to the Arthur Gage cup next Saturday with a quarter-final at Ilminster Town Colts (2pm).

Back in the league and FARWAY UTD moved up to third spot in the Division Two table after a goal in each half from siblings Billy and Ollie Reed earned a 2-0 victory at Hinton.

A third clean sheet in four matches looked in jeopardy for Farway when they conceded a penalty. But Ken Forbes' spot kick cannoned back off the crossbar.

Next up for Farway is a Ken Hodges Cup quarter-final at home against Perry Street (2pm).

Not such good news from the Farway second-string who went down 5-0 at Charmouth and remain rooted to the foot of the Division Three table.

Frustratingly, the team have no fixture next weekend.

## More away day blues for Chard

## West Dorset A 3 Chard A 0

CHARD 2nd XI came up against their suspiciously strong West Dorset counterparts for the second time this season and were comprehensively beaten at Sir John Colfox School, in a physically bruising encounter.

In the first half, the home side was frequently quicker in thought and movement off the ball.

Throughout the game, Chard were often under pressure when in possession and, in the first 35 minutes, they were particularly guilty of some wayward passing and allowing themselves to be muscled off the ball.

West Dorset went ahead from a penalty corner with a shot which skimmed the ground and beat keeper Callum Baillie for pace before he could get pads together. Although James Spurdle was outstanding in finding space to receive passes from the defence, and giving the team some momentum going forward, Chard were two goals down by the interval.

The team responded to captain Gareth Eggle's call for more commitment in the second half, matching their opponents more in the 50-50 situations.

Nick Parkinson, Tom King, Harvey Denning and substitute Murray Wheaton all did their best to find a way through West Dorset's packed defence, Spurdle and Goddard continuing their efforts where they had left off in the first half.

Not for the first time this season when playing away, the team was on the wrong end of some interesting decisions from the match officials, making the task of pulling a goal back that much harder.

As the match wore on Chard's defence found it increasingly difficult to clear its lines, West Dorset's pressing game paying dividends and winning a space of penalty corners.

Baillie bravely saved a couple of efforts and Arthur Critchley turned a goalbound penalty corner shot round the post.

But with five minutes remaining the pressure finally told and West Dorset killed off Chard's comeback efforts with their third goal.

Thanks to match sponsor: *Servu Cycliflife*.

## Vital win for Chard

Chard 11 Avonmouth Old Boys 8  
South West Division One

THIS was a must-win game for Chard in their bid to pull away from the relegation zone as Avonmouth are also fighting to stay in the division.

A really tight contest was widely forecast particularly as the sides had played out a 5-5 draw in the reverse fixture earlier in the season at Avonmouth when the game had also been played on a very muddy surface – which was certainly the case on Saturday when Chard were able to play their first home game since mid-December.

Once again there was little between the sides but Chard got the vital win with an excellent late penalty goal from the boot of full back John Humphrey.

Despite playing against a very strong wind, Avonmouth carved their way through a suspect looking defensive Chard midfield several times but failed to make the most of these opportunities due to some good covering by the Chard back row and some poor handling at crucial times.

The hosts conceded several penalties but, with the wind making goal kicking difficult, Avonmouth kicked for the corners.

As did Chard when they were then awarded a straight forward penalty but the kick drifted over the dead ball line and the chance for a 'catch and drive' try was lost and the have ended 0-0.

Chard took the lead when Avonmouth were penalised at a ruck and Humphrey duly slotted the resultant penalty.

But they switched off from the kick off and a mistake allowed visiting winger Andrew Morrison to pick up a loose ball and race over in the corner for an unconverted try.

The strong wind meant that Chard were pinned back in their own half for lengthy periods and it was no real surprise when they gave away a penalty which Avonmouth fly half Matt Loader kicked to give his side an 8-3 advantage.

Chard were then awarded a penalty and a good kick to touch from Chad Northcott put them in a strong attacking position.

They duly won the ball and drove a tiring Avonmouth pack towards their own line and returning former skipper

◆ HONOUR: Chard Colts Adam Moore and Joe Mainwaring represented Somerset U17s in the 12-5 defeat against Curnwall on Sunday.

Mark Parsons got the try which tied up the scores.

With time ticking away Chard were awarded a penalty and, despite kicking into a strong wind, Humphrey made no mistake and his kick clinched the narrow victory.

Chard had at last won a very tight game but, despite the terrific result, the coaches will no doubt be looking to improve on their game management in certain situations.

Next Saturday Chard have another home game when they welcome Bridgwater (2.15pm ko).

Supporters please note that the six nations games will be shown in the club house with the England v Ireland game kicking off straight after the 1st xv match v Bridgwater.

## Silverspoons honour for Axe Cliff Ladies

CRICKET ST THOMAS with Bert Robinson

IN BELOW freezing conditions and facing a northerly wind on Monday, 36 Seniors competed in the ST VALENTINE'S WALTZ competition.

Despite the adverse conditions, the sun eventually appeared, and some good scores were returned.

Roger Stone's team carded a score of two under par, 74 points which appeared to be the winning score until the final trio, led by Bryan Frost, claimed victory with an outstanding score of 76 points

Result: 1st Bryan Frost; Danny Branchflower & Danny Dowell 76 points, 2nd Roger Stone; Bob White & Barrie Heath 74, 3rd Maurice Arnold; Mike Hone & Brian Anderson 73.

Sadly, persistent rain washed out the Seniors' stableford competition on Wednesday, but improving conditions saw 34 members enter the CANADIAN GREENSOMES on Friday.

Both Alan Chance & Maurice Arnold and Dickie Hall & Peter Spencer-Farr returned scores of 38 points, but were both outdone by Ron Sutherland & Danny Dowell who amassed 46 points.

AXE CLIFF with Peter Motson

THE Ladies section competitions got rained off every time they attempted the fairways.

But, to offset their disappointment, they did receive some good news from the annual Macmillan Cancer Support Silverspoons Tournament where the Axe Cliff Ladies Section achieved the highest scores out of all the competitors in England in the Ladies Strokeplay section.

There were 2015 trophy awards for the highest scores in each Section (Ladies and Mens, for the Stableford and Strokeplay competitions).

The Seniors Section played their February Medal Competition which was won by Geoff Wake (14 hc) with a score of 69.

In 2nd place on countback was N Garwood (15 hc) with 71, and in 3rd place was J Mant (19 hc) also with a score of 71.

Four 2s were carded, one each by R Grove, N Garwood, P Christmas and K Wilson.

HONITON with John Pawley

WHILST temporary greens were the order of the day the Tuesday morning men's group had clear skies and dry conditions with ground frost, but all were pleased to be playing at last.

Twent four decided to take on the course, many not having hit a ball this year.

The eventual winners, with combined score of 71 points, were Chris Street, George Blake & Ron Rogers winning on count-back. They also managed to have the only birdie in the difficult conditions, so were doubly rewarded.

Later in the day the sun shone for the 16 players in the mixed enjoying a team Stableford competition.

The format was the best two scores to count and this often brings out the best in players. It certainly did for winners Sue and Paul Ritchie with Cherry and James Liell who had a wonderful score of 86 points.

The weather took its toll on the ladies for any competition on Wednesday. I'm told they are considering the prospect of having some of their competitions in the indoor facility until the better weather arrives.

Meanwhile, nearly 50 seniors made a welcome return to competitive golf last Friday when they played in a combined Stableford/4th round Winter Eclectic competition.

Temporary greens were in play but many respectable scores were achieved in the chilly but dry conditions.

In Division One Alan Pollock (Seniors Captain) again topped the poll with 37 points while Dave Maggs followed with 35. Malcolm Matthews, Jim Wallis and Alan Derveny took the remaining places.

In Division Two Ashley Murray emerged triumphant with an impressive 38 points. John Pawley was second with 35 on count-back from Mike Delaney and Bill Phillips. Dave Lavender took the final prize.

There were no two's in the competition so a draw resulted in four members winning eight golf balls each to share with their colleagues.

WHILE most AVR's were struggling around this year's Grizzly route in a howling gale, Diane and Graham Newton joined 13,000 runners to run the SEVILLE MARATHON writes Dave Mutter.

This took in some iconic sites of the city, running through the beautiful walled old town with its cobbled streets, finishing with a lap around the Seville Olympic Stadium following in the footsteps of world-class athletes.

With the temperature rising to 25C the going was very tough but Graham was pleased to finish 4th male over 65 in 3:28:22, 3,192nd overall.

Diane was equally pleased to finish 1,197th lady, 5th female over 65 in 5:29:34.

## youth football round-up

## Young footballers return to action

AXMINSTER Under 7s managers took along their developing u7's to get enable some match experience at Bridport only to find the opposition was mainly their first team.

However they battled well in the middle of the pitch with good goalkeeping from Oli Loakes and Matthew Truman who scored the only goal in the 2-0 and 3-1 defeats.

Axminster Under 9s first game since December 5th was against Whipton, and not surprisingly the boys took a while to get up to speed.

After conceding the opening goal the battled back to draw 2-2.

The team's second game was against Stoke Hill who were the best side they had played last year and, after a tough first game, it was going to be a big ask.

Despite trailing 3-0 at half time they never gave in and finished with a 4-2 defeat.

The Axminster Town under 8s played two games against West Hill Wasp on the Axe Valley 3G pitch.

In the first game the Tigers started well with goals from Toby James and Alex Dixon.

The second half saw them lose there way and they went on to lose 6-2

Game two was a different story as the team learnt from there mistakes and played some neat football. Matthew Reed had a cracking game in midfield scoring a hat trick including one from a corner as did Dixon.

James also had two goals to help the Tigers win 6-1. The two teams finished off with a penalty shoot-out with all 11 players taking part, that finished 8-6 to West Hill.

A special mention for Joseph Scott and Skott Howsam playing there first games for Axminster –

both did well.

Seaton under 10s beat the weather and returned to action by playing local rivals Lyme Regis on the Axe Valley 3G pitch.

The new surface proved to be very much to their liking as they ran out 7-0 winners in an impressive all round display.

Leo Gribble opened the scoring, seizing on a parry from the keeper to tuck the ball away. Seaton were playing the ball around nicely in midfield, where the central partnership of Christian Pinnock and Aaron Hale were creating havoc.

Henry Mathews, who was outstanding throughout, soon made it 2-0 with a cool close range finish. Gribble snapped up his second as he followed up a fierce shot from Harvey Green that the keeper did well to push away.

Pinnock then tucked away a penalty just before half time, after he was fouled in the area.

A few minutes into the second half, Aaron Hale added a fifth from range, which just squeezed under the keeper. The defensive work from Green and Daniel Baltrushat kept things tight at the back as Lyme threatened on the counter.

But Seaton continued to create chances with some excellent attacking play, led by George Gait and Thomas Brown.

It was Gait, who in the blustery conditions, added a goal that his all-round game deserved by scoring direct from a corner.

Hale finished the scoring when he lashed in his second with a powerful strike from outside the area, which whistled into the corner via the underside of the crossbar.
